The Molly Brown Guide For A Perfect Locket Photo

1. Re-size your image to the size suitable for your chosen locket.
10mm x 10mm for the Small Round Locket
11.5mm x 11.5mm for the Small Heart Locket
20mm x 20mm for the Large Locket

2. Cut out the corresponding pink shape below and attach to the back of your image. Cut around the shape, checking first that the area of the image you want to use is within the area of the template.

3. Pop the cut out image into the locket under the groove, to hold securely and treasure forever.
